1948 GREETINGS

Dear Friends: Best wishes to you all for a glad New Year.

As I look back, I find that I have been writing these Greetings each year for 25 years, and have found many friends along the way. Am hoping to add many more.

This list is made up of varieties introduced from 1927 to the present time, and I plan to grow and offer to you, only varieties that I have found satisfactory.

Now I will answer some questions: In making out the general list, there is first the variety name, followed by name of originator or country in which it was originated. With my varieties and a few others I have added the year that they were first offered for sale. Then description as accurate as possible.

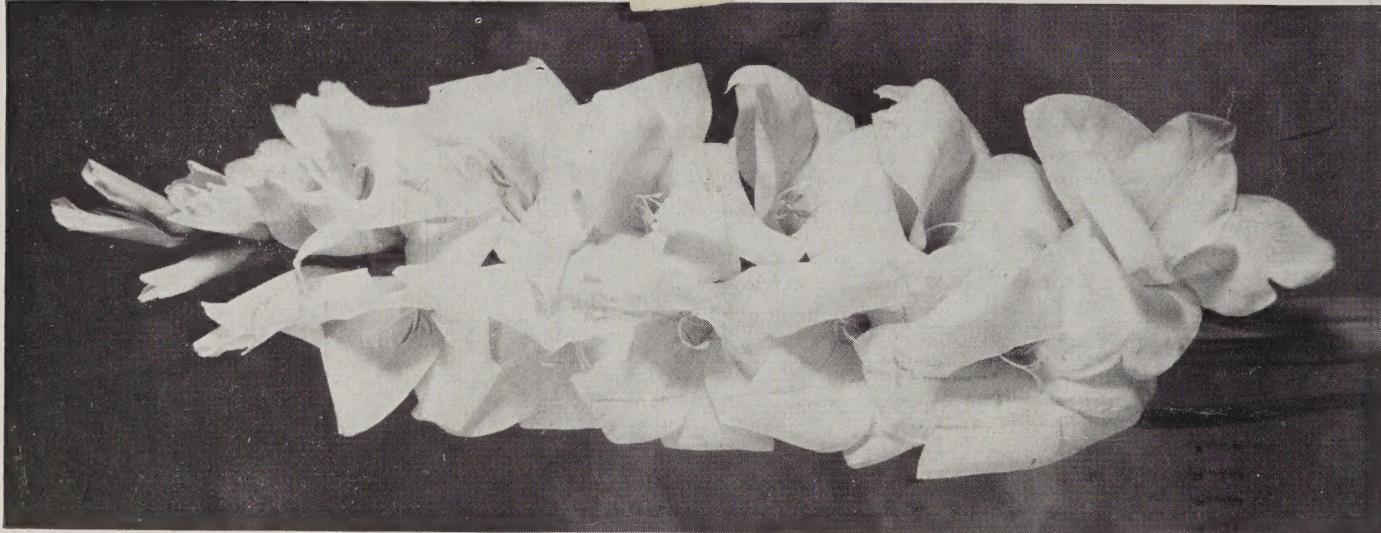

My name is Mary Kinyon but in all my work with the gladiolus, although I have been a widow nearly 12 years, I have used the name Mrs. George Kinyon. I have liked it best this way as I am only carrying on the work we both began together.

Glad time is vacation time and if you should be passing through this part of Michigan, drive in and see our flowers and us. Each year since 1929, each day during the blooming season, you will find flowers exhibited in our basement and we will enjoy meeting you.

Kinyon Glad Gardens are located 10½ miles east of Gladwin, or 16 miles west of Standish on M-61. Then ½ mile south through a woods road. The sign and mail box is on M-61.

Sincerely,

MRS. GEORGE KINYON,
(MISS) PAULINE ARCHER, Assistant

MARY KATHLEEN
